TO-247AC

Description

The TO-247 package is preferred for commercial-industrial applications where higher power levels preclude the use of TO-220 devices. The TO-247 is similar but superior to the earlier TO-218 package because of its isolated mounting hole.

$$V_{DSS} = 55V$$

$$R_{DS(on)} = 0.008\Omega$$

$$I_D = 110A\textcircled{6}$$
